Smart vaC™

Vacuum furnace

Smart piT™

Pit type furnace

Smart iQ™

Integral quench furnace

Smart caR™

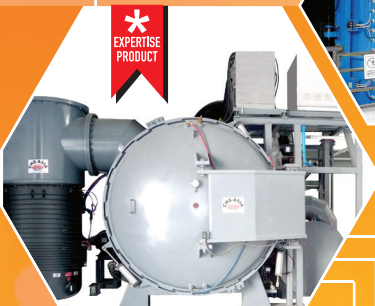

Car bottom furnace

Smart belt™

Furnace belt

Smart parT™

Consumable & spare parts

One Piece Circulation Fan
Heating Element (Hester)
Oxygen Sensor Probe
Thermocouples RTD
Anti-Carburizing & Nitriding
Lost Wax Casting
(Tray, Basket, Jig & Fixture)
Mesh belt SUS304, 310, 316
Controller and Recorder

Bright annealing
Hardening
Brazing

Carburizing Furnace
Nitriding Furnace

Diffusion Bonding Furnace

Low Pressure Carburizing

CHS-ASIA
Furnace Engineers

Molybdenum Hot Zone

Smart service™

Temperature Uniformity
Survey Test (TUS Test)

Calibration Service: Controller
and Recorder By Lab
Accreditation ISO/IEC 17025
Compliant : CQI-9, AMS2750

INDUCTOHEAT

INDUCTOHEAT is leading the world for induction Heating Technologies Inductoheat Inc. Prides itself on providing customers with high-quality induction heating, induction forge heating and induction heat treating equipment. We work hard to cultivate the manufacturing industry's demand with new products and system innovation.

Induction Forge Heating

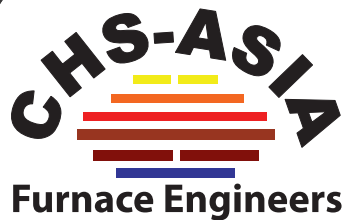

Heat Treating

Vacuum Leak Checking

Preventive Maintenance Furnace (Job PM)

**“Customers is the first priority.
We support you with high standard.”**

CHS-ASIA is a specialized manufacturing firm of Heat treating equipment.

1991

CHS-ASIA was founded in KL, Malaysia to service thermal process industry.

1996

Opened sales, service & manufacturing facility in Bangkok, Thailand

2004

Opened sales, service & manufacturing facility in Singapore

2005

Start to design & manufacturing Vacuum heat treating furnace.

2010

Represent "Inductroheat"

2012

Certified ISO 9001:2008

2013

Represent "PowerMax-AFC HOLCROFT"

2015

Start to Joint venture with PROHEAT TREATMENT SDN BHD from Malaysia

2017

Start business partner with Jiangsu Fengdong Thermal Technology or Furnace manufacturing from Shanghai

2018

Certified ISO9001: 2015

2020

Start to design & manufacturing Diffusion bonding furnace

2022

Represent "ECM Technologies"
